

10th Year Anniversary

Welcome and Bienvenidos

To Our 10th Year Anniversary Celebration
September 17, 2009

A special quote that means a lot to CETPA

“If you talk to a man in a language he understands, that goes to his head.
If you talk to him in his language, that goes to his heart.”

- Nelson Mandela

Why It All Began... Statistics!

- Projections by the U.S. Census Bureau indicate that by 2025 nearly 3-in-10 children in this country will be of Latino ancestry.
- 21.9% of Hispanics are living in poverty.
- 22% of all children in the U.S. are Hispanic. In 1980, the number was 9%.
- 16% of all Hispanic children (16 Million) are "second-generation" Hispanics. 11% are "first-generation" and 37% are "third-generation or higher."
- 43% of "first-generation" Latino children, 21% of those in "second-generation, and 5% in the "third generation or higher" are NOT fluent in English.

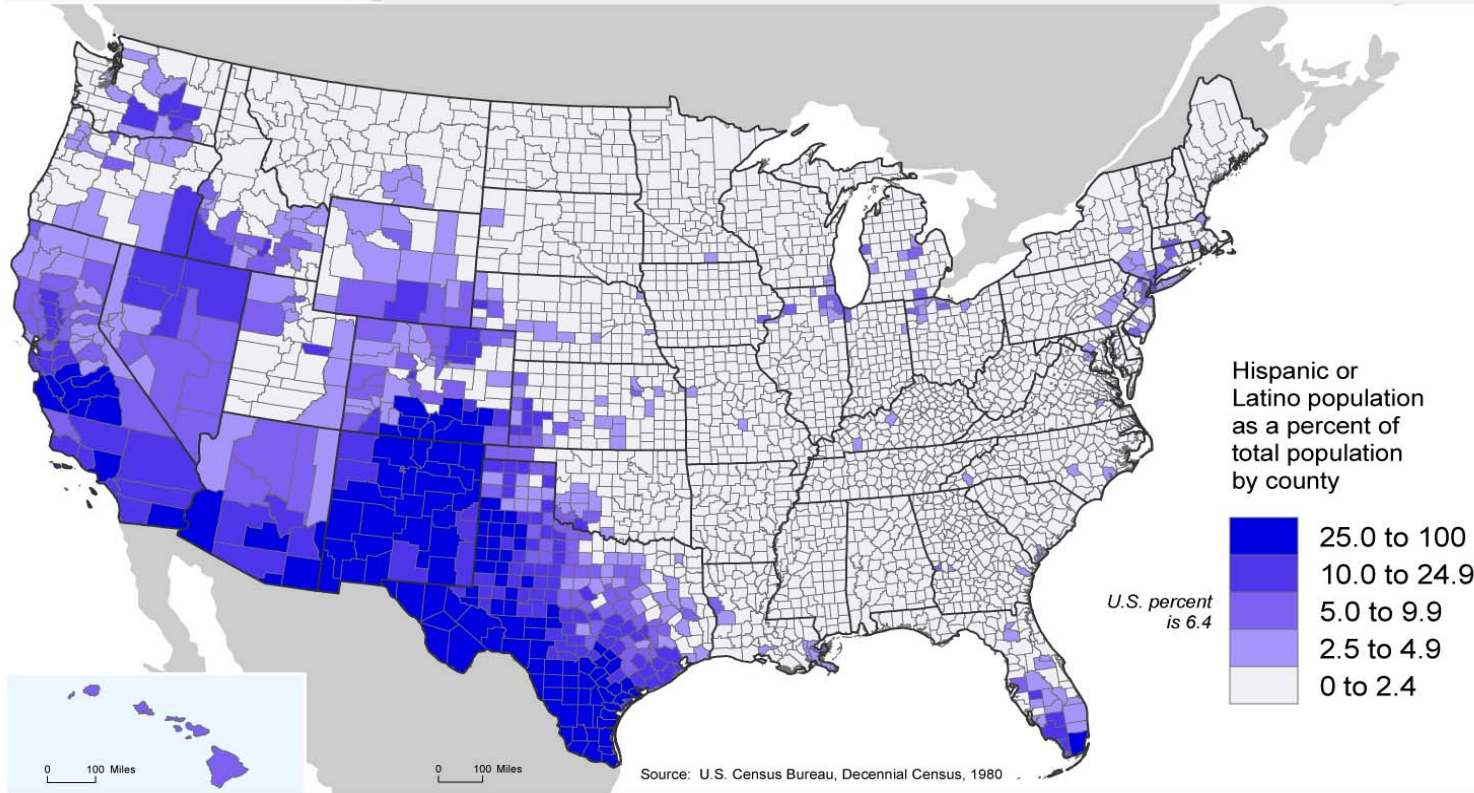

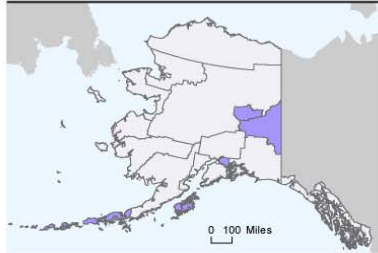

Why It All Began... Statistics!

- 32.7% of Hispanics do not have Medical Insurance.
- 8.3% of Hispanics aged 12 or older were in need of alcohol use treatment in the past year.
 - Among these 2.6 million Hispanics, only 7.7% received alcohol treatment in a specialty facility.
- 3.4% of Hispanics were in need of illicit drug use treatment.
 - Among these 1.1 million Hispanics, only 15.1% received illicit drug treatment in a specialty facility.
- 32% of Hispanics report poor mental health.
- 2.8% of adult Hispanics have had thoughts of suicide.

And So Began ...

“CETPA is the first, and still only, Latino agency to earn a **Drug Abuse Treatment License** by the State of Georgia and national accreditation by the **Commission on Accreditation of Rehabilitation Facilities (CARF)** to provide integrated outpatient behavioral health treatment and prevention services in Georgia in English and/or Spanish.”

10 years later and with the help of many people, agencies, and organizations, we are still here.

What have we accomplished in 10 years...

Since 1999, CETPA has touched the lives of countless Latino, and their families, specifically:

1. We have assessed 3,123 adults and have **admitted 2,063** of them into services.
2. We have assessed 830 children and adolescents and have **admitted 740** of them into services.
3. Over the last ten years we have **admitted a total of 2,803** people into our treatment program.

We currently have 274 active adults and 167 children and adolescents in different levels of service.

“We are extremely grateful for all of you who have made this possible.”

And the Award go to....

- 2009: Hispanic Health Coalition of Georgia – Salud Hispana Award
- 2008: Perpetual Trophy Recipient - Overall Winner and Prevention Ambassador – Red Ribbon Week

“Prevenir es mejor que lamentar”

“An ounce of prevention, is worth a pound of cure”

CETPA PREVENTION PROGRAM—Participation to date:

- “Niño Sano, Hombre Fuerte” - **490 boys** have participated.
- “Soy Unica, Soy Latina” - **1,050 girls** have participated.
- “Summer Camp Program” - **805 kids** have participated.
- **“Red Ribbon Week”** - **over 100,000 kids** have participated.

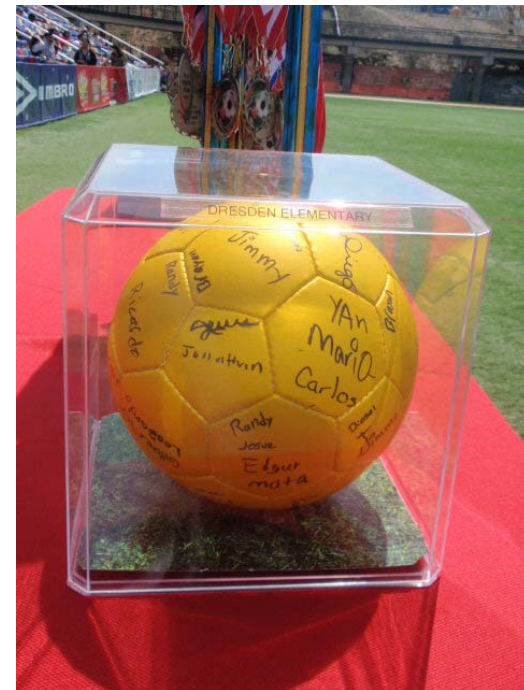

Our prevention program is the current **Prevention Ambassador for the State Georgia** having won that honor at this year’s Red Ribbon Award ceremonies. Our prevention team also won for best nonprofit agency prevention program. We have also been multiple recipients of the **Governor’s Red Ribbon Award**.

But a picture is worth a thousand words...

Our Prevention Program at work!

Our Prevention Program at work!

Our Prevention Program at work!

More than a second chance - Treatment.

Our treatment services include, but are not limited to, diagnostic assessments, nursing assessment, clinical or psychological testing, crisis intervention, individual, group, and/or family therapy, group training, community support, and aftercare.

“Dreamers” The Clubhouse!

*“Because if you can dream it,
you can achieve it.”*

In 2009 CETPA was chosen as one of the programs to open a **Children and Adolescent Clubhouse**.

Ours would be a culturally specific clubhouse to address the unmet needs of Latino youth who were trying to recover from substance abuse or addiction.

And 10 years from now...

- Computer Hardware and Software Upgrades.
- Latino Focused Residential Programs.
- In prevention we plan to submit our curriculum to the National Registry of Evidence Based Program and Practices in hopes to offer our program to other communities in our State.
- We have also been approached by providers in Mexico who are familiar with our treatment philosophy who want to explore expanding our services into that country.
- Services for the Developmentally Disabled in the Latino community

And so much more!
